

TSP Analysis: Average Costs for Each Method

Constructive Methods

The table below shows the average costs for constructive methods.

Construction Heuristic	Average Cost
Cheapest_Insertion	28969.84
Nearest_Neighbour	29610.17
Nearest_Insertion	29917.54

Perturbative Methods

The table below shows the average costs for perturbative methods.

Improvement Heuristic	Average Cost
2-opt	28212.81
Node_Shift	28506.20
Node_Swap	29374.06
